**DATE:**

Research the effects of the Indian Removal Act of 1830 on the Cherokee, Chickasaw, Cree, Seminole, Mohawk, or another tribe and answer the following questions:

- Where did the tribe live originally?
- What was life like before they were forced to leave their land?
- Where were they relocated?
- How did daily life change in their new homes?

On this sheet of paper, write your findings in one or two short paragraphs and add drawings to illustrate your answers.
